SUMMARY

Aspiring Full Stack Developer with a B.E. in Computer Engineering, skilled in React.js, Node.js, JavaScript, and RESTful APIs. Strong in problem solving and teamwork, with a focus on building scalable, user-friendly web applications using modern technologies and best practices

WORK EXPERIENCE

Senior Executive - Straive Pvt Ltd 01/2023 - 01/2024

Collaborated with cross-functional teams in Agile environments to deliver highquality features on time, Utilized Git for version control and participated in code reviews to maintain code quality and consistency

Associate Analyst - Comodo Security Solution Pvt Ltd 03/2022 - 12/2023

Designed and implemented responsive, accessible web interfaces using HTML5 and CSS3

Executive - SPI Global Solution 10/2019 - 03/2022

Edited, formatted, and structured digital content using HTML5 and CSS3 for webbased publishing platforms

Trainee Analyst - Comodo Security Solution Pvt Ltd 05/2018 - 12/2018

Collaborated with QA teams to validate content, resolve layout inconsistencies, and maintain adherence to W3C standards

PROJECTS

Travel Planner [Link to Demo](#)

Built a responsive web app for planning and managing multi-day trips with itinerary creation, expense tracking, and packing lists. Integrated OpenWeatherMap API for real-time weather updates and interactive map navigation. Implemented offline access and document storage for seamless travel management.

Niche Community Platform [Link to Demo](#)

Built a social platform using the MERN stack (MongoDB, Express, React, Node.js) for users to connect through shared interests and discussions. Implemented JWT authentication, community-based posts, and real-time updates for interactive engagement. Designed a responsive, mobile-friendly UI for smooth user experience across all devices.

EDUCATION

2025 - present Massai

2014 - 2018 B.E - AAA College of Engineering and Technology

SKILLS
